

COMPETITION ANNOUNCEMENT

XXXIX. UniFive international footrace

BEFS 5-km championship, autumn turn

About the race:

The first 5vö5km competition was held on the 11th of May, 2000, 20 years ago.

This event is organized every six months,

- to help the residents of Budapest - especially students, teachers, and workers of ELTE - be more physically active,
- To provide an accessible footrace that is completable by most runners,
- To motivate people to form running groups,
- To provide an opportunity for athletes to practice, and to track their preparedness.

This race is part of the HÖOK-MEFS "MozduljRá!" SportPont Program.

Epidemiological Measures and Virus Security Rules

The following general rules apply throughout the competition:

1. Keeping distance.

Everyone should keep a distance of at least 1.5 meters and avoid personal contact. Cordons, paintings and organizers help keep the distance.

2. Use a mask.

The use of a mask is mandatory at the event, except during the run. During the run, please put the mask on your forearm. You have to come to the startline in a mask. Passing the start line, the mask can be in your hand, but after reaching the finish line, before taking over the T-shirts, it is mandatory to take it back. The mask can be removed a few seconds before the start of the run, it is recommended that the competitors tie it on their hands during running and then it is mandatory to return it after the finish.

3. Avoid grouping

a) The start number can be taken outside the buildings on the Lágymányosi Campus in the days before the run. It will not be possible to pick up the start number at the competition venue. A distance of at least one and a half meters must be maintained when standing in line.

b). Luggage storage is open during the race, but we do not supervise the packages, they must be placed and taken away individually. One person can enter the luggage storage area at a time. The luggage room operates in open tents without tickets, thus minimizing the number of possible contacts.

c) There will be no joint warm-up, we ask everyone to prepare individually for the run, we provide musical background.

4. COVID statement

To participate, you must turn in a COVID19 declaration on paper, in which entrants declare their health status and compliance with and knowledge of the rules. This is included in the website. Without completing and submitting this, the start number cannot be taken over.

5. Delayed start.

The start is not at once for everybody. The runners will be pulled apart for 10-15 minutes. The runners start from about 3 channels about 5 second after each other.

Refreshments are only available in bottled form, scattered between the two buildings and subject to support.

6. Announcement of results

The results can be viewed online by the participants immediately after the competition. Award ceremony will include only the absolute category, other categories will be awarded separately in a later time.

Violation of the regulations may result in exclusion from the competition or official notification.

Description of the track:

The race consists of 3 laps.

- 1) The race starts in the car park between the two buildings, on the Pázmány Péter SÉTÁNY's service road, goes north next to the Northern Building, goes left after a barrier, and it goes on the Magyar Tudósok Körútja towards the southern building. The track comes round the Southern Building, then it turns north again, on the Pázmány Péter sétány's bikeway.
- 2) The trail turns left in front of the parking lot after the Northern Building, and it goes on until it reaches the Warga László street. Here runners can find the Kocka Büfé, where the road turns right. The track continues straight until it reaches the Bodánfy Ödön street, where it turns left, and goes on this street until Neumann János way. Here, the road turns left (sidewalk) on Neumann János way, until it reaches the Pázmány Péter sétány, where it turns left again. The turning point should be reached on Magyar Tudósok körútja.
- 3) The turning point is located in the area of the Mindenszentek Temploma. After a 180 deg. turn, participants should run back to the Southern Building on the sidewalk of Magyar Tudósok körútja, next to the IT Building. The track turns left at the barrier of the Southern Building, it goes into the car park, into the parking lot between the two buildings. The finish line is the same as the starting line.
